Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Saturday 12 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry with long spells of strong sunshine.

Today:
After a cool start in places, especially in rural locations, it will soon warm up to another fine day with some patchy cloud but also long spells of strong sunshine and light winds. Maximum temperature 21 deg C (70 deg F).

Tonight:
Largely sunny this evening, and clear for much of the night, although thin high cloud is likely to arrive later. Minimum temperature 10 deg C (50 deg F).

Sunday:
Although there will be some cloud at times there will also be long bright or sunny spells. Everywhere will feel warmer than Saturday, with many places becoming very warm. Maximum temperature 26 deg C (79 deg F).

Outlook for Monday to Wednesday:
Early showers Monday then generally dry, warm or very warm, with sunny spells and with humid nights. Wednesday is likely to be cloudier with possibly light rain across the Pennines.
